THE CATHOLIC CHURCH

Approves the Action of the
Knights of Labor.

And Gives His Ideas Regarding the
State of Affairs in Africa—Guard-
ing Against Cholera—Etc

The Church Approves the Knights.
BALTIMORE, Md., March 31.—A special
from Rome gives the following as the
text of the letter of Cardinal Manning
regarding the Knights of Labor, to a
prominent divine of that city:

ARCHBISHOP'S HOUSE, WESTMINSTER,
LONDON, March 11th.

My Dear Lord:

I have read with great assent Cardinal Gibbons' document in relation to the Knights of Labor. The Holy See will, I am sure, be convinced by his exposition of the state of the new world. I hope it will open a new field of thought and action. It passes understanding that official persons should be listened to rather than church officers. Surely the episcopate of the whole world is a most powerful and direct instrument in the hands of the Holy See for gathering correct local knowledge and enforcing its decisions. Who can know the temper of America, England and Ireland as they who have a finger upon the pulse of the people? Hitherto the world has been governed by dynasties; henceforth the Holy See will have to deal with the people, and it has bishops in close daily and personal contact with the people. The more clearly and fully this is perceived the stronger Rome will be. Never at any time has the episcopate been so detached from the civic power and united in itself and so well able to see, to realize and to use its powers. The failure to see and use these powers will breed much trouble and mischief. My thanks are due the cardinal for letting me share in the argument. I can find a copy of my lecture on "the dignity and rights of labor." I will send it to him. It will, I think, qualify me for knight-hood in the order. Brentano, some years ago, published books on guilds in which he proves that the association of labor and craft goes back to antiquity, but there is this notable fact, in English and Teutonic laws they were recognized, favored and chartered; in imperial and Latin laws they were vigorously prohibited. We are at this day as a church the mother, friend and protector of the people. As the Lord walked among them, so his church lives among them. The cardinal's argument is irresistible.

Your affectionate servant in Christ,
HENRY EDWARD,
Cardinal Archbishop of Westminster.

Stanley Talks.

LONDON, March 31.—A letter has been received from Henry W. Stanley dated Cape Town, March 9. He expresses bewilderment at the constant evidences he sees of British yielding and shrinking in Africa before noise, bluster and mock heroics. "In the west and north," he says, "France and Portugal have strode with audacious and frantic haste to exclude British trade. Now, I come to Zanzibar, there I find the British fleet has given way to the German and that German traders outnumbered the British. There is a relentless aggressiveness about Germans that is ominous. Their manner is haughty and overbearing and carries an air of 'You must.' The natives look on in wonder, while the British affect superb indifference. I found Tippoo Tib, the uncrowned king of the region between Stanley Falls and Tanganyika Lake, commanding thousands of fighting Arabs. He was equally ready to fight or be employed. I chose the latter, not with the view to his helping me reach Emin Bey, but to assist in bringing away Emin's stores. The ivory the value of which is £30,000. In presence of the British consul I contracted with Tippoo Tib to supply me with 600 carriers. I also, after receiving 'consent' from King Leopold, appointed Tippoo, governor of Stanley Falls at a regular salary. He guarantees to defeat and capture all persons raiding for slaves, and abstain from engaging in the slave traffic himself below Stanley Falls. A European officer will be appointed a resident of Stanley Falls, to insure adherence to the contract and stop Tippoo Tib's salary upon any breach of engagement. So far there has been no hitch in the expedition. Everybody shows the utmost sympathy and our difficulties have been smoothed by the prevailing good feeling. I have sent a letter to Emin Bey giving him the probable date of our arrival. Tippoo Tib has ordered his people to concentrate at Stanley Falls in readiness for marching.

Guarding Against Cholera.

St. Louis, March 31.—An El Paso Tex., Republican special says quarantine has been instituted here, to-day, against cholera. Cholera has traveled northward in South America until it has reached the Isthmus of Panama and it is feared that Mexican Central trains may bring it into the United States. All persons, baggage and freight from infected ports will be denied admittance to the United States. All mail from cholera-infected points will be disinfected before being received into the United States.

A Good Beginning

ALBANY, March 31.—The court of appeals has affirmed the judgment of the general term, convicting Lipman Arensburg of selling oleomargarine in violation of the statute. Judge Rapallo, in delivering the opinion, said the artificial coloring of oleomargarine to make it resemble dairy butter, came within the statutory prohibition against imitation.

A Big Deficit.

BOSTON, March 31.—A special from St. Johns, N. F., says the budget to be presented to day will, it is rumored, show a deficit of \$750,000, the largest portion of which has been spent in relief works to keep the people from starving this winter.

All Lost.

St. JOHN, N. F., March 31.—A report has reached here of the total loss of the sealing steamer *Eagle*, with a crew of 250 men, on the shoals near Funk Island, off Bonavista Bay. No particulars of the disaster are yet at hand. Debris consisting of deck ladders, forecastle deck and cooking gear with the steamer's name on it has been found on the ice. The supposition is that the steamer's boiler exploded. The reported loss of the steamer *Eagle* is confirmed by the discovery of wreckage off Bonavista Bay. The crew numbered 250 men and there is nothing to show that any one was saved. The steamer was lost on the shoals near Funk Island off Bonavista Bay. Debris comprising the deck, ladders, forecastle deck and cooking gear, with the steamer's name was found on the beach and the inhabitants are looking for bodies. Most of the lost steamer lived in and about St. Johns, and the excitement and grief here are intense. The *Eagle* was a large sealing steamer commanded by Captain Johnson and owned by Messrs. Browning Brothers.
